FOR JUDGE OF COURT OF APPEALS.

TO THE VOTERS OF THE FIFTH APPELLATE COURT OF KENTUCKY:—I am a candidate for Judge of the Court of Appeals from this District, subject to the action of the Democratic party. As Circuit Judge, it became my duty to try a number of criminal cases, which have become a part of the State's history and at a most critical time. As Judge of the State Fiscal Court, it fell to my lot to construe the Statutes adopted, to put in force the provisions of the new Constitution, as well as to construe the present Constitution whenever a controversy arose as to its proper construction. Almost innumerable cases have burdened the dockets of my court, touching the rights of corporations and the exercise of franchise under law. How well I have discharged my duties under such trying circumstances, is left to you to determine.

I will be very grateful to all who feel they can assist me to secure the high position and office to which I aspire.

Very respectfully,
JAMES E. CANTRILL.

FOR CONGRESS.

We are authorized to announce W. P. Kimball, of Fayette county, as a candidate for the Democratic nomination for Congress from Seventh District, subject to the action of the district convention to be held in the city of Lexington on Thursday, May 12, 1904.

I am a candidate for re-election to Congress from this District, subject to the action of the Democratic party. I believe in getting as close to the people as possible, and it was my desire that a primary election be held to select a Democratic nominee for Congress, so that every Democrat could have the privilege of going to his precinct voting place and expressing his choice, but my opponents desired mass conventions at the county seat, and the committee so ordered.

I am now serving my second term as your Representative. I have endeavored, to the best of my ability, honestly, faithfully and conscientiously to do my duty. It is my highest ambition to secure legislation for the relief of the farmers, who have been so grossly imposed upon by unjust laws, and I feel that my experience has fitted me to render valuable service on this line. If I am permitted to continue to represent my District.

My official duties in Washington will prevent me from making an active personal campaign in all the counties of the district, therefore, I will have to rely on my friends to take care of my interest, which I have an abiding faith they will do. Trusting my service as a member of Congress meets with your approval, and hoping my candidacy will receive your valuable aid and support, I am

Very respectfully yours,
SOUTH TRIMBLE.

THE CANAL IS OURS.

The Contract With the French Canal Company Signed.

Paris, April 23.—The contract by which the ownership of the Panama canal passes to the senate has been signed, sealed, delivered and is complete. The title to the canal route is now vested in the government of the United States.

The document by which this transaction is consummated bears the signatures of President Bo and Director Richman, of the Panama Canal Co., who signed for the company as its responsible officials. The transfer is complete and without reservation and the United States secures a perfect title. This result has been accomplished quietly and most unexpectedly, as the public had been given to understand that the contract would not be executed until after the meeting of the stockholders of the Panama Canal Co. Saturday, at which the question of ratification would be presented.

It is confidently believed that the completion of the sale before the meeting will increase the vote for the ratification, as it will be recognized that nothing more remains but to acquiesce in the action taken by the highest officers of the company.

When W. A. Day and Charles F. Russell, the United States assistant attorneys general, who are in Paris to assist in the transfer of the property, were seen Friday night, they reluctantly admitted that the transfer had been consummated, and in order to avoid misunderstandings regarding a transaction of this magnitude they furnished the following official statement in writing:

"The papers transferring the rights and property by the new Panama Canal Co. to the United States have already been executed and delivered. They will be ratified Saturday afternoon by the stockholders' meeting.

"The arrangement includes a general conveyance and provisions for deeds and resignation in the republic of Panama and in the canal zone now under the jurisdiction of the United States in which zone the civil law continues in force by reason of the session of the zone from a civil law sovereignty. All formalities of the local law on the isthmus have been arranged for and secured to these United States.

"The property will shortly be delivered on the isthmus and upon that being done the purchase price will be immediately paid. The United States gets an unencumbered title."

THE NEW BELLEVUE HOSPITAL.

It Will Be the Largest Structure of the Kind in the World.

New York, April 23.—The new plans for the new Bellevue hospital in this city were made public Friday. They provided for the largest hospital in the world, a magnificent structure, which will extend from 26th to 29th street and from First avenue to East river. It will take ten years to finish the structure and will cost \$12,000,000. Architecturally, it will rank among the great buildings of the country. It is to be constructed of brick and stone, will be fireproof and will accommodate 2,500 patients. The largest hospital in the world now is one at Hamburg, which houses 1,700 patients. It is planned to have 125 doctors and 320 nurses. At present there are 42 doctors and 160 nurses at Bellevue.

TURKISH CRUISER MEDJIDIA.

The New Vessel, Built in This Country, Delivered to the Turks.

Constantinople, April 23.—The Turkish cruiser Medjidia, built at Cramps shipyards, Philadelphia, arrived at Mytilene Friday and was delivered to the Turkish officials. The sultan was so pleased with the Turkish admiral's report on the cruiser that he sent a complimentary telegram to President Roosevelt and a personal message to United States Minister Leishman, commending the high qualities of the American shipbuilding industry. His majesty has invited the officers and crew who brought over the cruiser to visit Constantinople at his expense.

The president replied in a cablegram of thanks and expressive of his pleasure at the good showing of the new Turkish cruiser.

SUNDAY BALL GAMES.

They Will Be Permitted in Brooklyn League Park.

New York, April 23.—In a statement issued Friday Police Commissioner McAdoo says that the playing of baseball games on Sunday will not be permitted at either of the league grounds in Manhattan, but that match games will be permitted in isolated neighborhoods, provided there be no violation of the law in regard to such games. In the commissioner's opinion the Brooklyn league park is in an "isolated place," and therefore he will take no action against the league games now being played on Sunday in that borough.

Cheaper Than the Midway.

St. Louis, April 23.—According to a statement by the department of concessions of the World's fair, it will cost \$20 for the total admissions to all the attractions on the pike. The total cost for the Chicago Midway was \$35.

The Mammoth Steamer Minnesota. St. Paul, Minn., April 23.—It has been announced that President Hill's mammoth trans-Pacific steamer Minnesota will sail from New York on her maiden voyage around South America to Seattle on July 4 next.
